- 1 Litre foam soap (bulk refill) - soap sold separately
- Sensor operated
- Solid brass bright chrome finish Overall

Dimensions

150mm projection- Flange O/D 44mm dia.

PRODUCT DATA:

CONSTRUCTION:

Fabricated of bright chrome plated brass with air pressurised pump.

CAPACITY:

1 Litre. We recommend Bradley model AQF6011 Aqua Foam liquid soap for optimum operation and performance. This unit has the option of being connected to a 5 litre soap tank. Soap viscosity: Less than 100 cPs. 2ml supply per dispense.

OPERATION:

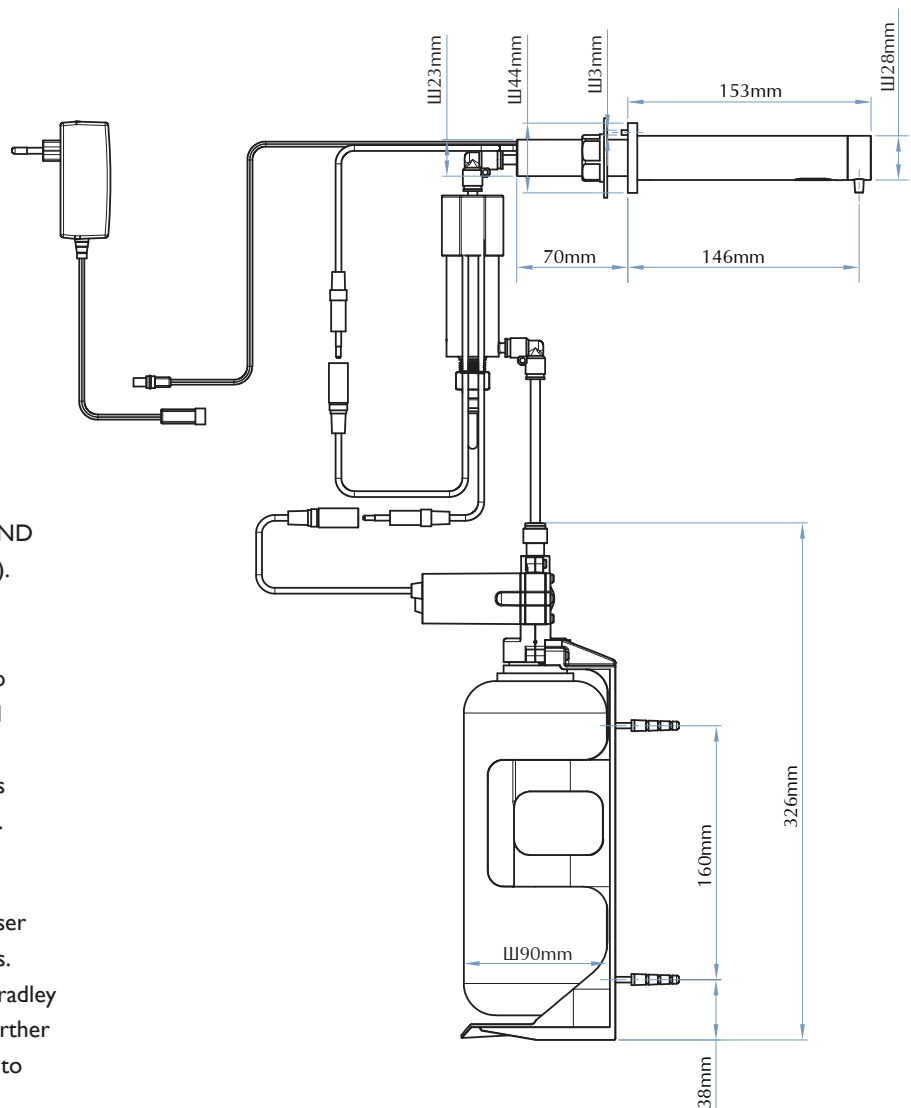

Sensor operated. 12V transformer. Plugs into AC power. With a push button/remote control primer to prime (633-REMOTE). Top fill options: 633-TFMK or 633-TFMK-IND (refer to data sheets for these two options).

INSTALLATION:

Wall mounted (concealed). Requires 150 to 200mm cavity in wall. Recommended install height to be at 300mm clearance from any reflective surface. Ensure adequate access is allowed for maintenance of dispenser parts.

GUIDE SPECIFICATION:

Concealed wall mounted foam soap dispenser manufactured of bright chrome plated brass. Valve shall dispense measured amount of Bradley Model AQF6011 formula foam soap. For further information and specifications, please refer to Bradley Australia.
