Specify "W" width and "H" height

PRODUCT DATA:

CONSTRUCTION:

MIRROR: Fabricated of type 304 (18-8), 20 gauge stainless steel, 2mm thick and polished to No. 8 architectural bright finish. Stretcher levelled for uniformity. Very bright – excellent reflectivity, very slight polish grain. Can be produced to size required.

NOTE: Stainless steel mirrors will differ in optic quality from glass mirrors.

INSTALLATION:

FIXING OPTIONS: (Please specify option required)

1. No holes: Secure to wall with silicon (not provided)

2. Customised option: With screw holes
(screws not provided)

Secure to wall with tamper-resistant mounting screws at holes provided.

(Please specify fixing holes at time of purchase)

NOTE: Provide in-wall backing at mounting screw locations.
